-

Digital Profile

- <https://www.linkedin.com/in/teja-potnuri-4282a2249/>
 - <https://github.com/Tejapotnuri>
-

Strengths

- Self-motivator
 - Pressure handling
 - Positive attitude
-

Hobbies

- Playing cricket
 - Reading books
 - Browsing internet
-

Own Projects

Until now, I have built two websites and one webpage from scratch using HTML, CSS, Bootstrap and JavaScript. I have hosted them on GitHub and am maintaining the sites from there. Check out the details below.

1. <https://tejapotnuri.github.io/ServicesPro/>
 - I. Led the end-to-end development of ServicesPro, a comprehensive web application for job sheet and service management solutions, showcasing expertise in HTML, CSS, JavaScript.
 - II. Implemented a responsive design using Bootstrap and employed jQuery for efficient DOM manipulation and event handling, ensuring a seamless user experience.
 - III. Successfully utilized Amazon Web Services for web hosting, optimizing performance and reliability, while integrating Google Analytics for insightful web traffic and user behavior tracking.

- IV. Offered a 15-day free trial and crafted diverse pricing plans based on usage and features, tailoring the application for businesses in various sectors, including mobile and computer repair, electronics, and automobile service centers.
- V. As the developer, based in Hyderabad, India, I invite exploration of the web application's source code on GitHub, featuring releases, documentation its functionality and capabilities.
- VI. Please note that this page is currently under development; approximately half of the features have been implemented.

2. <https://tejapotnuri.github.io/QueenzMakeUpStudio/>

- I. Spearheaded the design and development of Queenz Makeup Studio's website, employing HTML, CSS, and JavaScript to deliver a responsive and visually appealing online platform.
- II. Skillfully integrated essential features such as a gallery, contact form, testimonial section, and a navigation bar with smooth scrolling, enhancing user engagement and interaction.
- III. Implemented responsive web design techniques to ensure the website's seamless adaptability to diverse screen sizes and devices, prioritizing a consistent user experience.
- IV. Hosted the website on GitHub Pages, showcasing commitment to accessibility, and diligently maintained the source code on GitHub for transparency and collaboration.
- V. Elevated both the aesthetics and functionality of the website by leveraging the capabilities of Bootstrap, jQuery, and Font Awesome libraries, contributing to an enriched online presence for Queenz Makeup Studio.

3. <https://tejapotnuri.github.io/Nikola-Tesla-Tributepage/>

- I. Designed and developed a tribute page for Nikola Tesla using HTML and CSS.
- II. Showcased Tesla's biography, achievements, inventions, and quotes in a simple and elegant layout.
- III. Used responsive web design techniques to make the website compatible with different screen sizes and devices.
- IV. Hosted the website on GitHub Pages and maintained the source code on GitHub.
